2015

## Advantages of Camping

There are many advantages to camping thus the reason of using advantage in plurality, the main point is camping brings people together in ways social media and society of today (2015) can not. It's found that going outdoors is a form of meditation for some as well as a place of calm, so for all the stresses of modern life can virtually vanish while camping.

## Tips for Before You Go Camping

Before every time you go camping, ask yourself:

**Q: Where do I go?**

A: Explore local campgrounds see which sites suit you better, primitive sites with no electricity or running water or something with more luxuries.

**Q: What will the weather be like?**

A: Always check the forecast of where you are going so you can prepare for rain, snow, or the daily Florida Hurricane.

## Add Value to Your Camping Experience

Don't forget to bring friends, not only for bonding but for safety in numbers!

*"I lloovvee camping! I mean who wouldn't enjoy life without modern conveniences!!..."*

*- Aaron Medley*

The amazing scenery of the outdoors.

## Things to Do While Camping

- Kayaking
- Hiking
